THUNDER B

THUNDER B

# T H U N D E R B

**Imagine** having breakfast in St Tropez, lunch in Corsica and dinner in Portofino, all in one day aboard a 49 meter motor yacht. THUNDER B makes this day possible. Combined with a cruising speed in excess of 30 knots, and the volume and comfort of a comparable sized yacht, she is truly a unique and awe inspiring vessel.

Oh . . . . and don't forget the swimming pool.
